- Thurs June 16 - Last day of school and early dismissal - 12:30 - followed by a Pot Luck Picnic Lunch

A Sincere Thank You

We are so close to meeting our fundraising needs for the year! I would like to take this moment to thank everyone who has supported Oak Grove through this school year. It is the ability to reach our fundraising goals that allows us to keep our tuition as low as possible. Tuition alone does not cover our operating costs. Our Annual Appeal and our Auction make up the most of our needed funds. We ask (and need) every family to participate in these two annual fundraising efforts at the level that they feel is generous, meaningful and comfortable for them.

Our Denim and Diamonds Gala and Auction was a success this year! We met our goals and managed to have a great time bringing our community together for an evening of fun and laughter.

Our Annual Appeal is important for additional reasons too. Being able to show that our current families, staff and board participate 100% in our Annual Appeal shows, in our grant applications, a true and deep commitment to our school. This is an advantage in the process and increases our chances of receiving grant money. If you have not given to the annual appeal yet, please swing by the office and make a donation (check, cash, credit card or on account). The dollar amount, of course, is important and we ask everyone to give as generously as possible. Equally important is meeting our 100% participation goal. Give $10 or $10,000. We are 7% away from reaching our total yearly fundraising goal. Please help us make this final push before June 30th!

Every Gift Inspires Others to Give

2016 Summer Camp at Oak Grove

Oak Grove Summer camp offers five weeks of themed day programming for children ages 2½ through 10 years old. The program is open to all Oak Grove students, their siblings, and any friends or neighbors. Half days and full days are available. Sign up with Cindy soon, summer is only 7 weeks away!!! Sign up for one week or for all five.
Let the Growing Season Begin!
The Greenhouse is buzzing with activity! The Afterschool Garden Club started the planting season off. The planting goes on and on. The garden has been weeded, tilled, and the manure has been added. More shelving has been added to the inside of the greenhouse to hold all the plants the children are starting. Soon the little plants will be transplanted into the garden. We are hoping to have enough plants in a few weeks to be able to sell some to our community too—helping you all start your home gardens!!

6-9 Classroom - Mammal Night
Thank you all for joining us for Mammal Night last week. The kids worked so hard on their research and their presentations. What a wonderful night for them to showcase all that they accomplished!

Please Join the 9-12 Classroom for an Evening of Theater Thurs May 5th 6:00 pm

The 9-12 Classroom will be performing their interpretation of the Shakespearian Play - As You Like It
Building Our Children’s Foundation for a Successful Future

If you want to raise problem solvers, develop their mathematical minds.

If you want to raise collaborators, allow them to discover the answers together.

If you want to raise artists, teach them aesthetics.

If you want to raise citizens of the world, teach them geography.

If you want to raise children who understand the human condition, give them time and space to read.

We must give children time to practice. We must give children time to explore. We must give children time to communicate. We must give children time to create. We must give children time to think.
